Mr. Robert M. Gates, Deputy Director  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Mr. Gates;

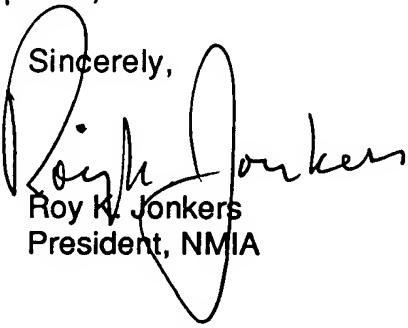

I read with great interest your superb article in the AFIO "Periscope" on the topic of the intelligence community in today's society. One aspect you covered was the impact of "intelligence leaks". The purpose of this letter is to ask if you would be willing to expand on this topic from the perspective of the leadership of the intelligence community, to be published by the National Military Intelligence Association in the American Intelligence Journal.

NMIA intends to focus the Spring '88 issue of the American Intelligence Journal on the subject of intelligence "leaks". We are looking forward to the contribution of articles from LtGen William E. Odom, USA, Dir., NSA, and Congressman Louis Stokes, Chairman, Permanent Select Committee of Intelligence, among others, to provide a variety of perspectives. We intend to provide a variety of views and to give the issue wide distribution.

Should you be willing to honor us with your thoughts on this topic, we could accommodate an article between 1,000 and 2,500 words in length, and we would like to receive it by February 1. You previously were kind enough to address our local NMIA chapter and to provide us with an article on SDI, and we again hope for a favorable reply.

Looking forward to your response,

Sincerely,

Roy K. Jonkers  
President, NMIA
